## The San Jose California Theater.

A San Jose, Cal., paper, says: The drama entitled "On the Rio Grande" by Mark Price, while incongruous, as are nearly all modern dramas, is full of excellent situations, and gives scope for some very fine acting. It was presented at the California Theater last evening to a very large audience, by the Lamb-Jordan-Price Company. The leading character—that of the out-cast—"Del Paso," is assumed by Mr. Price, and the other two principal male characters are portrayed by Messrs. Jordan and Lamb. Mr. Jordan as "Harold Rapley" and Mr. Lamb as "Daniel Webster Ryall." As stated, the above are the great attractions of the play, though that of the William Morgan Mortimer, presented by H. A. Weaver Jr., very acceptably, is one of the necessities, to use one of Ryall's cant phrases, of the drama. Miss Ada Marsh as Dora Rapley, and Miss Josephine Laurens as Priscilla Muffin, were cast exceedingly well; Miss Clara Flagg as Kate she lacked force. The author has displayed skill in grouping together several well-worn stage figures, and putting them into new positions. There is no drag about the plot. There is warmth and excitement from beginning to the end, and although the pistol and bowie are displayed several times, there is very little shooting. Mr. Lamb is a comedian of the John T. Raymond order, and creates much amusement. Miss Josephine Laurens brings out all there is in the character of the aged spinster Miss Muffins. Her waddle was something that will remain in the memory of all who witnessed her last evening. Taken as a whole the drama and the performers are above the average, and the company ought to succeed. To appear at the Nevada Theater next Friday evening.

**What True Merit Will Do.**  
The unprecedented sale of "Boche's German Syrup" within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of coughs, colds and the severest lung troubles. It acts on an entirely different principle from the usual prescriptions given by physicians, as it does not dry up a cough and leave the disease still in the system, but on the contrary, removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctors' bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles. nov29/1

**A Dishonest Bar-keeper.**  
On a telegram from the Chief of Police at Sacramento, officer Hadley of Winnemucca, arrested last Monday, Fred A. Campbell, a Sacramento bar-keeper with \$100 of his employer's money in his pocket. He was jailed and held for a requisition.

**A Better Outlook.**  
A. D. Wilcox says cattle in Central Nevada are looking much better than they did six weeks ago, and he does not look for much loss. There has been considerable storm, and he thinks feed for next summer will not be bad.

**"What is Woman's Worth?"**  
Asked a fair damsel of a crusty old bachelor. He did not know, so she said: "W. O. man's" (double your O man.) But a woman feels worth little if disease has invaded her system and is daily sapping her strength. For all female weaknesses, Dr. R. V. Pierce's "Favorite Prescription" stands unrivaled. It cures the complaint and builds up the system. Send 10 cents in stamps for pamphlet to World's Dispensary Medical Association, 603 Main street, Buffalo, N. Y.

# THE SENATORIAL CAUCUS.

Last evening the Republican members of the Legislature held a joint caucus attended by over 40 Senators and Assemblymen. A vote was taken and Hon. W. M. Stewart was declared the nominee of the party for United States Senator. There could be no other result and we believe there will be a general feeling of relief and satisfaction among all classes of the people except a few soreheads who have sacrificed their party and themselves in the worst managed fight ever seen in the State. Their course made it impossible to elect any one but Stewart. He had to beat not only the Democratic party but the bolters and he did it like a man. He will be a valuable substitute for Fair and Sharon and the State will feel the good effect of his labors in more ways than his friends expect it to.

## NOTHING IN IT.

We understand that some one, perhaps the lobby, has been trying to scare the cattle-men into the belief that there would be efforts made to pass laws of a nature unfriendly to their business, during the present session of the Legislature. The only reason they have for thinking so is a private letter from Mr. Mills to a friend who asked his opinion on matters in which all are concerned and which was published as a matter of interest to all who desire to see State affairs discussed. We advise the cattle-men to refuse to bleed.

## EDITORIAL NOTES

The Consolidated Cattle Growers Association of the United States are urging their friends to write or telegraph members of Congress to do all in their power to secure the passage of the Miller bill for the creation of a commissioner with power to slaughter any animals affected by or exposed to pleuropneumonia. It would be well for Nevada people to act in the matter. The Legislature might do well to pass a resolution instructing our Senators and Representatives to aid in its passage.

Governor Stevenson's message was brief but kindly. His recommendations were of a general nature. He paid a graceful compliment to his predecessor. It was delivered to the Legislature yesterday.

S. S. Sears of the Elko Independent has severed his connection with that paper, C. W. Grover being his successor.

Rev. H. Ritchie is in Reno and will lecture on Abraham Lincoln on Monday evening.

## Passports Required.

WASHINGTON, January 5. The Secretary of State has a dispatch from Frederick Raine, United States Consul General at Berlin, setting forth the annoyances to which United States citizens visiting Europe, and especially Germany, subject themselves by neglecting to procure passports before leaving this country. Berlin, Frankfurt, Hamburg, Leipzig and other cities of the German empire are subject to a so called "small State of siege." Every stranger or foreigner visiting these places is requested to identify himself by procuring passports. The ladies are not exempted. Immediately after the arrival of a steamer, the police authorities demand the production of a passport, and if he is not provided with one, he must either procure one at the nearest United States Legation or to submit annoyances, if he is not peremptorily ordered to leave. No stranger can enter the dominions of the Russian Empire without a passport, while in several places of Austria, Italy, etc., similar prohibitory orders are enforced. Students desiring to enter the German universities can matriculate upon producing a passport which is retained by the authorities of the universities, and a ticket of protection or university membership is issued. After such membership ceases, the passport is returned to the owner.

## Secretary Lamar Married.

WASHINGTON, January 5. The new civil service rules have been approved by the President. A private telegram received, states that Secretary Lamar was married this morning to Mrs. Holt of Macon, Ga. Secretary Lamar's marriage took place this morning at the residence of the bride, to Mrs. William S. Holt of Macon. The Secretary and bride will leave here this afternoon to spend the evening with Governor Gordon, and to-morrow morning will leave for Oxford, Miss., to visit the relatives of the Secretary and then go to Washington.

## A General Shake.

CHARLESTON, January 5. The earthquake tremors reported yesterday morning produced no alarm nor uneasiness. Reports from the interior of the State are as follows: At Midway there was a lively shake, accompanied by a roaring sound lasting a half a minute. At Ellerton was quite a shock, making the sashes and other movables rattle, accompanied by the usual roar. At Oakley was the most pronounced shock since November 7th.

## Burned to Death.

MAYSVILLE, Ky., January 5. Miss Kate Nicholson last night was about retiring, and knelt in front of the fire to say her prayers, when her clothing took fire, and she was badly burned before the flames were extinguished. Medical aid was summoned, but her injuries proved fatal, and she died at 10 A. M. The deceased was aged 20 years.

## Probably Lost.

NEW YORK, January 5. The English steamer, Crenbrook, Captain Smith, has not yet arrived. She left Newport, England, November 30th, with a cargo of iron, and is believed to have gone to the bottom with all on board, numbering 25 persons. The vessel with cargo is valued at \$100,000. Both insured.

## A Hard Strike.

WILKESBARRE, January 5. All the colliers in this region shipping over the New Jersey Central Railway were idle to-day, except two, on account of a strike of the deck hands at the Port Johnson and Elizabeth depots. Closing the mines has thrown out of work 8,100 men and boys.

## A Legislative Caucus.

HARRISBURG, Pa., January 5. The Republican Legislative caucus to-day for a candidate for U. S. Senator, to succeed John J. Mitchell, whose term will expire March 4th. M. S. Omay reached 153 votes and Galusha Grow nine votes.

## Civil Service Rules.

WASHINGTON, January 5. The Civil Service Commissioners yesterday had a long conference with

the President concerning appointments and promotions in the New York Custom House. They submitted to him a set of rules, which if approved, will give them supervision and control for the first time, of all examinations, appointments and promotions in the custom's service at the port of New York. Promotions there are not governed by what is known as the Hayes rules.

The new regulations in the hands of the President are the result of an investigation made by Commissioner Oberly several weeks ago, and if adopted will change the existing practice in the following particulars:

First.—They will make examinations for promotion, compulsory instead of optional.

Second.—Under the proposed rules, the names of all persons eligible for promotion in the custom house are to be submitted to the appointing officers instead of four names, as now required.

Third.—Under the present rules regulating appointments to all branches of the civil service, a person after an examination is eligible for appointment to the highest grades of the service.

The proposed regulations provide that certifications for appointment to the Custom's Service, at New York, shall be only to the lower or \$1,200 class, and that after any person has entered the service he shall be required to pass an examination for the promotion to each succeeding higher grade until the fourth-class is attained, which includes the employees of the Custom House, receiving salaries of from \$1,800 to \$5,000. The President took all papers under advisement. It is thought that the regulations will be approved substantially as proposed by the Commissioner.

## Another Shake.

CHARLESTON, January 5. There was a slight earthquake shock at Summerville at 8 o'clock this morning. All quiet at Charleston.

A procession formed and the women were placed upon a car and dragged in triumph through the town. Commoners Crilly and Mayne participated in the demonstration.

### Severe Surgical Operations.

## WESTERN DISPATCHES

## Look Respectable.

The Carson Tribune has the following to say relative to the personnel of the Nevada Legislature: It is pleasing to note the apparent respectability of the gentlemen in both houses; many are old Legislators and know or ought to know the requirements of the people, and for the purpose of aiding such in the good work before them the Tribune will take especial pains in advertising to what it conceives the most necessary reforms.

## Sticking Together.

The fashion of moving has broken out among the store-keepers of Reno and no one can tell where it will stop. Herz and Pinniger have been together ever since they have been in business here, at least the last time Mr. Pinniger came he found Mr. Herz, and they expect to move into the same room the first of February. They will have a very nice location and will be in fully as good a room as they have now.

## Not For Nevada.

A GAZETTE reporter met J. W. Mackay this morning and undertook to interview him on the extent the new telegraph lines will influence the business on the coast. He said it was doubtful if his line ever came over the mountains into Nevada, as it would not get business enough to pay. The Western Union has offices at every railroad station and it is determined that it will run any rival that comes into the field. He thinks himself, that two companies could do well, and that their policy is shortsighted. The rates are only 10 cents from New York to Chicago, Philadelphia, Boston, Washington, etc., and neither is making any money. The business has increased ten-fold in five years. There is an average of 15,000 messages a day between New York and Chicago. Mr. Mackay says the Northern Pacific is placing every obstruction in his way. They bring an injunction suit in every county he comes to, to prevent his setting poles, and they charge the highest price for freight. Still they will soon open in San Francisco but there is nothing between there and Denver to pay. Sacramento and Salt Lake are poor telegraph towns.

**A Handsome Piece of Work.**

Mr. T. F. Laycock has just completed a beautiful light of embossed glass for the door of Dr. J. P. Porter's dental rooms, which is another proof of his taste and ability. The work is done on French plate glass with hydro-fluoric acid, the acid cutting the design and lettering into the glass, after which it is ground, and when completed the effect is elegant and artistic. This glass and the doors of the Lake Mansion, also the work of Mr. Laycock, are, it is thought, the only specimens of this kind of work ever done in Nevada.

**Being More Pleasant.**

To the taste, more acceptable to the stomach, and more truly beneficial in its action, the famous California liquid fruit remedy, Syrup of Figs, is rapidly superseding all others. Try it. Large bottles for sale by Wm. Pinniger, Reno, Nevada.

**Will not Sell.**

C. W. Borton, general manager for J. McKissick, is going to turn out 500 head of beef cattle to wait for better prices. They have 1,000 head and will try to sell those that are fat and that will be about half of them. They are offered five and one-half cents but will not sell for less than six cents.

It is wise to provide against emergencies that are liable to arise in every family. A cold may be a dangerous thing, or not, depending upon the means at hand to combat it. In sudden attacks of cold, croup, asthma, etc., Ayer's Cherry Pectoral will prove the quickest and most effective cure, and your best friend.

**The Only Way to Conquer Dyspepsia.**

It is perfectly preposterous to introduce poison and other artificial solvents into the stomach, in the expectation that they will assist digestion by acting on the food itself. They will not. Nor is it possible thus to overcome dyspepsia. The only way to conquer that disorder, and prevent the numerous diseases and disabilities which it assuredly provokes, is to renew the activity of gastric action by strengthening the stomach. Hostetter's stomach Bitters eradicates the most inveterate forms of indigestion by restoring vitality to the alimentary organs, and those which are tributary to them. The liver, the bowels, the kidneys and the nerves, no less than the stomach, experience the invigorating effects of that standard tonic, which possesses alternative properties that greatly enhance its beneficial influence, and give a permanence to its effects which they would not otherwise possess.

**Reno Prizes.**

Fifty dollars; first five balls if makes a keno on first keno; \$25 for five kenos in succession on one card; \$20 for first four balls called if it makes a keno; \$5 for three kenos in succession on one card. All prizes paid in cash.

HOWARD O'NEILL.

**Hose Meeting.**

The regular semi-monthly meeting of Fearless Hose Co. No. 1, this evening. By order,

J. T. TOMPSON, Foreman.

L. J. COHN, Secretary.

HARDLY A RIFFLE.

The Senatorial Caucus Practically a Unit.

CARSON, January 5.

Ed. Gazette:—The Senatorial agony is over. There had been considerable skirmishing to prevent a caucus. The opposition to Senator Stewart has been active, but realizing that they had counted without their hosts, they gracefully fell in and the call was signed by all Republicans except two, Lyon of White Pine county, who is absent on account of sickness, and Beebe of Eureka county, who refused. The caucus met last night and Stewart, Wren and Powning were put in nomination. Stewart received 34 votes, Wren 9, and Powning 1. The following named Senators voted for Stewart: Boyle, Forbes, Kaiser, Lyman, Noteware, Poulade, Powell, Sharon, Williams.

Assembly—Albright, Beatty, Clapp, Craig, Dale, Drury, Egan, Farr, Ford, Griswold, Hale, Hanks, Hark, Lermo, Logan, Mercer, Moorehead, Reese, Roberts, Shirley, Spencer, Springmeyer, Twiss, Wilson, Speaker McDonnell.

For Wren—Senate—Foley, Maute, Nichols, Thoma.

For Powning—Senate—Fish.

The question of the next Senatorship having been decided, the next one will be the Wardenship, for which position there are a number of aspirants who will be busy till a caucus decides who is the successful man.

Old Time, who, for some time has been more or less busy in Carson, has been gathering in the old and young. Last night Edward Murphy, the eldest son of Judge Murphy, a most estimable young man, passed away.

**A Good Sale.**

O. North informs the GAZETTE that he has made a sale of his beef cattle for \$37 a head on the ranch to Godchaux. He thinks he made the best sale that has occurred in the State. He had over 600 head, and Godchaux says they are the best cattle in the State except a hundred that G. W. Mapes could pick out of a band of 1,500.

**Unnecessary Misery.**

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. Twenty-five cents. At all drug stores. J. J. Mack & Co., proprietors, S. F.

**Bargains in Dry Goods.**

On Monday next the auction sale of Isaac Barnett's immense stock of dry goods will commence. Mr. B. will allow no goods bid in for himself, but every article offered by Mr. Borton, the auctioneer, will be sold to the highest bidder.

# A Safeguard.

The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetser, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other any-  
one expectorant so good as AYER'S CHERRY  
PECTORAL. It is invaluable for diseases of the  
throat and lungs."

The same opinion is expressed by the  
well-known Dr. L. J. Addison, of Chicago,  
Ill., who says:—

"I have never found, in thirty-five years of  
continuous study and practice of medicine, any  
preparation so good as AYER'S CHERRY  
PECTORAL, for treatment of diseases of the  
throat and lungs. It not only breaks up colds  
and cures severe coughs, but is more effective  
than anything else in relieving even the most  
serious bronchial and pulmonary affections."

## AYER'S Cherry Pectoral

Is not a new elixir for popular con-  
fidence, but a medicine which is to-day  
saving the lives of the third generation  
who have come into being since it was  
first offered to the public.

There is not a household in which this  
invaluable remedy has once been in-  
troduced where its use has ever been  
abandoned, and there is not a person  
who has ever given it a proper trial  
for any throat or lung disease suscep-  
tible of cure, who has not been made  
well by it.

AYER'S CHERRY PECTORAL has,  
in numerous instances, cured obstinate  
cases of chronic Bronchitis, Laryngitis,  
and even acute Pneumonia, and has  
saved many patients in the earlier stages  
of Pulmonary Consumption. It is a  
medicine that only requires to be taken in  
small doses, is pleasant to the taste, and  
is needed in every house where there are  
children, as there is nothing so good as  
AYER'S CHERRY PECTORAL for treat-  
ment of Croup and Whooping Cough.

These are all plain facts, which can be  
verified by anybody, and should be re-  
membered by everybody.

### A Marble Mine.

W. E. Lindsay has found a vein  
of marble a hundred feet thick, on  
Rickey's ranch, five miles from the  
Bodie road, in the copper district. It  
is 50 miles from Carson but he is  
going out with teams to-morrow to  
get in a lot of it and try it. It is of  
fine quality, and a beautiful blue  
color. Some of it is spotted as if it  
was powder burned and the rest is  
plain.

He was entirely cured by Ayer's Sassa-
